It was a trick question! None of them is the odd one out! They are all associated with our fragrant

friend, according to him. Keep coming back for more competition challenges.

That is the wrong answer. Rain Man is not the odd one out. He has declared he is autistic.

The guy jumping off a plane is the odd one out. What's the Big Prize for getting the correct answer and where do I claim it?

I reckon he'd have been 16 doing the giant bunji not 14. Odd one out? Two I reckon. 1 He's not a head anymore so that's not true 2 The vicar as that's not him it's his dead father. I reckon that's taking things too far myself but after seeing the dialysis pics on Pierre Shakespeare's page I guess you'll sink to any depths on here.

I'm afraid he was still declaring to be a Headteacher as late as last year. Keep trying.

Retired Headteacher I'd have thought. Odd one out the vicar as he's the Dad that's dead now. Still think that's sick.

It is the vicar who is the Welsh lad's Dad now dead. Yes dead is not that good news. He is an ex vicar. He is the odd one out. It is very bad taste putting it in.

I do not believe a retired Headteacher of over 10 years would still claim to be one other than by accident with wording or date.

I like this game a lot-so much so that I might introduce my own Odd one Out. Would need to start my own plentyfishy blog though. Let me think about this-I'll sleep on it.
