Do I have to include a tagline?

Truth Matters

This is an invitation for the truth, a chance for a clean start, to draw a line in the sand. Just answer these questions truthfully, and we'll all go away. Of course, you don't have to answer anything. It's up to you.

>EDIT< It appears at the moment that the invitation will be ignored. As I speak, posts are being edited or removed. Rather than man up, it seems the preferred route is it try to pretend none of it was said. That is a shame.

1- Were you a Headteacher between 1991-1997 and then again from 1997-2004? (I won't name the two schools).

2- After your 'first' breakdown, you got a puppy (Caspar). As he is nearly 15, this would be in 2000. That doesn't tally. Why?

3- Why do your stated rescues by Helicops not tally with their Twitter feed?

4- Why did you say you were still a Headteacher last year? (P.S. going back now to edit the post to "ex-headteacher" has made you look very foolish. Too late mate).

5- If you need 24 hour care, how can you perform all of the volunteering, consulting, advising, choir arranging and organ playing?

6- What jobs have you had since leaving school?

7- Do you claim any benefits such as DLA, ESA etc?

8- Have you ever lived near Sunningdale or Waterlooville?

9- Do you, or have you ever, smoked and/or drank?

10- How much on your LinkedIn page is actually true?

11- For someone owing so much to so many, is spending over £200 on books by John Kruse appropriate? (And no, you can't back-pedal, you've already called it £47 well spent).

12- Why do you post under a female name on some sites?

13- You claimed to have been good friends with the Ellis family, especially Oliver Ellis, who's father,

Doug was famously the owner of Aston Villa FC. However, Oliver himself has no knowledge of you. Why is that?

14- Which member of the Royal family was it?

No doubt I'll get some comments about it being none of my business and so forth, but as I say, it's up to you. This is a chance to hold your hands up to anything, admit mistakes, and move positively ahead.

I have a question. Why did he have a happy 50th birthday thread 3 years ago when he's only 48???

Who knows? He was 50 last year, but happily lapped up the congratulations in 2012.

I have question for you. Who gives a **** ?

You seem to have an unhealthy fixation with this person, is it a man crush?

You really should get a life, or a blow up doll or something.

Selective editing, I don't know why you just don't have a straight forward blog.

Oh of course the bits you didn't put up were "boring".

I edited out the unnecessary repetition of my quote. If you don't like it, don't comment. (And I

cleaned that up).

No doubt about it-this site is about stalking. Hard at first to understand who the enemy is-but looks to be Plenty Fishy-ably assisted by the Lord and the Paddy but here's the thing-why? As truth matters so much-then why is it that cutting and pasting sections of this blog take you back to <https://plentyfishy.wordpress.com/>. Strange isn't it?

Perhaps I am dreaming but I could have sworn that the link that I spelled out was not the one above-surely it can't have been changed? Tut tut-we can't have that happening again can we. Best to start a new plentyfishy blog. Reel them in number 5

All done-number 5 it is. Now let's see how the stalkers like it when their comments and links get changed-oh, I just know that this is going to be such good fun.
