Do I have to include a tagline?

What a Bunch of C**ts

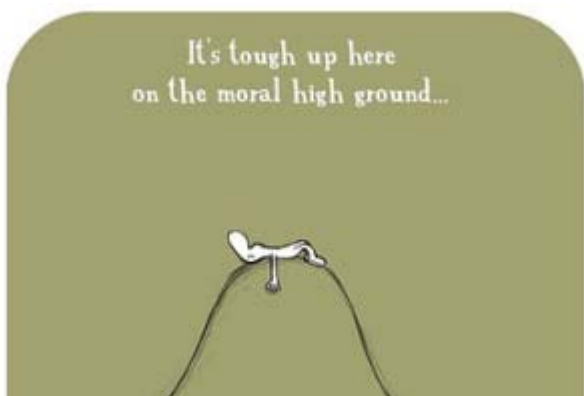

It seems our flatulent trolls have decided to start a page solely to attack a known vulnerable person. I find this behaviour shocking and upsetting. Why do they do this? Simply because he decided to break away from Sheila's wicked manipulation. To her this is the ultimate betrayal and shows the ever deepening levels to which this evil woman and her braying horde will stoop.

Not content with trashing a site and the person who registered it, who works his nuts off trying to get extortionate bailiff fees removed from hard-pressed debtors, they are now singling out an unwell individual who is prone to self-harming. Never before have I seen such vile actions.

Lest we forget, this gruesome quartet are aged in their 60's and 70's who have among them state scroungers, debt avoiders and a convicted criminal who lords it over everyone from her £1million country estate. Between you and me, as we speak, in depth investigations are underway to establish how the fortune behind this woman was made. Naturally I will update when enough evidence has been collated.

Their ranks include a girly-voiced old count who claims to be registered blind, yet is still able to run, maintain and continuously post on his olid little blog. That's 'blog' with one 'g' you moron. Lurking in the background are two uneducated debt-dodgers who despite being afforded cheap social housing, object to others needing similar housing, arguing that their right to observe hedgehogs, sparrows and pipistrelle bats has priority over those who desperately need an affordable place to live. Nasty, nasty, nasty, nasty.

However, returning to the beginning of this page, the actions of these vicious old scrotes is beyond contempt. Plentyfishy is proud to say that you will never see such appalling, needless bullying of this kind on this site.

There is a positive to that quote of course..

It will be interesting to see how many of the cowards attach their real names to their posts.
